

How will the tasks support your understanding of the course?

As a student you need to have an in-depth understanding of the Health and Social Care sector and the various levels of provision provided within it. These tasks aim to broaden your knowledge and understanding of how care is regulated in the United Kingdom.

What skills will you begin to develop by completing this work?

You will develop an understanding of the key health and social care terminology which you will be assessed upon. Also develop your processing skills as you learn the range of legislation that exists whilst also developing your research skills

TASK 1

Health and Social Care requires a detailed understanding of key terminology, to support this you should research the following key terms and the impact that they have on Health and Social Care service provision, you should consider why they are important to users and providers of Health and Social Care services.

- Equality
- Diversity
- Safeguarding
- Anti-discriminatory practice
- The importance of preventing discrimination.
- Advocacy
- Ethics
- Regulatory

This should be presented as an essay showing the links between the terms and the impact on service users and service providers.

TASK 2

Select two of the following legislations and write an overview about each; including key information and the impact it has on service users and service provision.

- Mental Health Act 2007
- Human Rights Act 1998
- Mental Capacity Act 2005
- National Health Service Act 2006 Section 140
- Equality Act 2010
- Care Act 2014

Your document should be designed to explain the importance of the legislation to parents of an adult with complex learning needs. This should be no less than 1500 words and be written in an academic format with appropriate fonts, language and spelling, presented as a report or information booklet.
